

Screening Unit performance

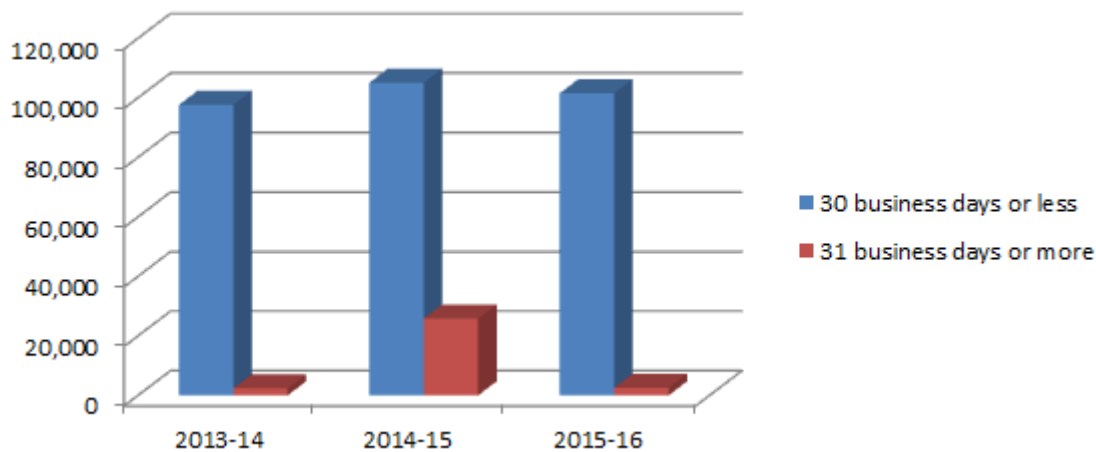

Financial Year 2015-2016

The DCSI Screening Unit processed over 104,000 screening applications during the 2015-16 financial year.

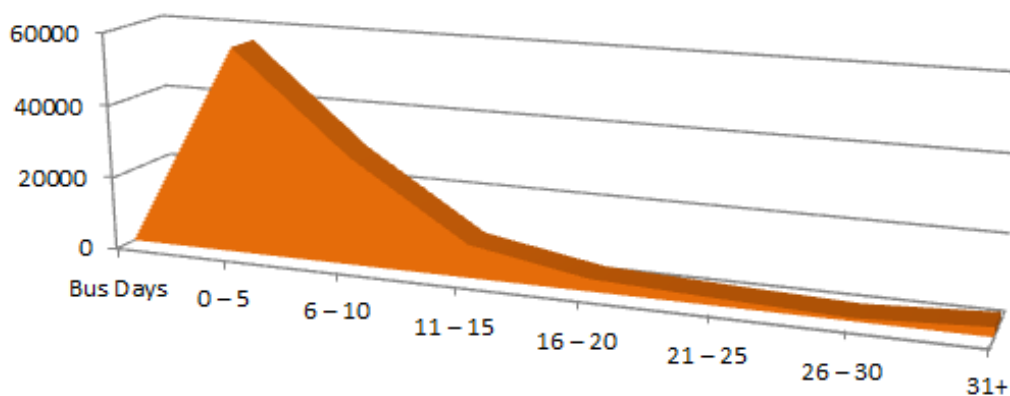

Around 98% of these were completed within 30 days from the date of receipt, up from around 80% the previous year.

A key contributing factor is that the new online application system, introduced in July 2015, enables applications to be processed more rapidly than paper applications.

Time taken to finalise applications by financial year

Screening processing time (from date application received)
